

Employment Opportunity

INTERIOR DESIGNER

WilkinsADP is Central Nebraska's leading architectural firm. Interior design is a critical aspect to the success of our projects. Our clients value our designers' expertise and ability to fulfill their goals on the planning and design of their project spaces. Our typical projects include higher education, corporate, healthcare, civic, religious and commercial facilities. As a designer at WilkinsADP, you will be able to design and plan spaces that are practical for their purpose and that allow you to work in collaborative team environment to explore creative solutions to our clients' needs

The successful candidate will:

- Possess a desire to expand on design experience and ability
- Have excellent communication, problem solving and design skills
- Be able to work and present ideas in a team environment as well as self-manage and self-motivate in a creative environment

Required Qualifications:

- Bachelor's degree in Architecture or Interior Design
- Proficient use of Building Information Modeling (BIM) software; specifically Revit
- Intermediate ability in Adobe Illustrator, Photoshop and InDesign

Position includes:

- Interaction and communication with clients and vendors
- Mentoring and professional growth opportunities
- Exercise space planning skills on various project types
- Job site visits (with other design team members) to ensure design is carried through construction
- Selection and incorporation of materials to fulfill design team and client goals
- Some overtime may be required to complete assignments
- Competitive Salary to be determined based on experience (overtime paid over 45 hours at regular hourly rate)
- Benefits include paid time off, health insurance and retirement contribution.
